

Kids Smiles

Corporate Volunteer Opportunities

Partner With Kids Smiles

At Kids Smiles, we believe that healthy smiles build healthy futures. Our corporate partners play a vital role in expanding access to high-quality dental care for children and families across the Philadelphia region.

Whether your team is looking for a simple way to give back or a more hands-on experience, we offer meaningful, flexible opportunities that combine service, team-building, and impact.

Host a Workplace Drive

One of the easiest and most impactful ways to get involved is by organizing a drive within your organization. These initiatives are simple to coordinate and directly support our patients and programs.

Back-to-School Drive

Support our Annual Back to School Bash by collecting backpacks, school supplies, and hygiene items to help students start the year prepared and confident.

Book Drive

Help us create a welcoming, comforting environment for our young patients by collecting new children's books for our clinics and community events.

Feed A Smile Food Drive

Organize a targeted food drive to support families facing food insecurity. We provide a list of high-need items to ensure your contributions make the greatest impact.

Signature Corporate Engagement Opportunities

For organizations looking to deepen their involvement, we offer elevated experiences that combine volunteering with meaningful connection to our mission.

Adopt-a-Day at Kids Smiles

Give your team a first-hand look at the impact of your support.

By sponsoring a day of care at one of our clinics, your organization helps provide critical dental services to children in need. Your team can also participate on-site by welcoming patients and families and assisting with light activities that enhance the patient experience

Lunch & Learn + Service Experience

Bring Kids Smiles directly to your workplace! This is an ideal option for organizations looking for a high-impact, time-efficient volunteer experience. We'll partner with your team to host a "Lunch & Learn" session that introduces our mission, the communities we serve, and the impact of oral health on overall well-being. Following the session, your team will participate in a hands-on activity such as:

- Assembling dental hygiene kits
- Preparing back-to-school supplies
- Creating activity or comfort kits for patients

Make Your Impact Go Further

Many of our corporate partners choose to pair their volunteer efforts with a financial contribution. Donations help us expand services, reach more children, and sustain our clinical and education and outreach programs.

Ways to give include:

- Sponsoring an Adopt-a-Day experience
- Making a corporate gift to support a specific program
- Matching employee contributions or volunteer hours
- Launching a team fundraising campaign alongside your volunteer activity

Every contribution of time, resources, or funding, helps us ensure that every child has access to the care they need to thrive.

How to Get Started

We would love to partner with your organization to create a meaningful and engaging experience for your team.
